

Social Media Highlight: Oasis Lawn Care and Snow Removal

2017-04-19 12:52:07 by Admin

One of the most diverse lawn care companies in our area, Oasis Lawn Care, was started in 2012 by Brandon Polak and Dianglo Strong; two guys from opposite sides of the track.

From the start, the benefits of that diversity brought them great success by giving them a special ability to understand the needs of their customers; whether they be simple or complex.

One of the first Lawn Care companies in our area to bring competition to the marketplace by not only offering their affordable services on an as needed basis but also by offering various packages of combined services that give their customers a way to save money and have a plan for the entire season.

In 2014 they joined up with the Richland County Land Bank and in conjunction with the land grant programs Oasis began offering permanent stone fire pits for back yard hot dogs and s'mores that they now also offer to their regular customers.

So if you live in the Mid Ohio area and you want a community oriented company who takes pride in their work then you've found a friend in Oasis. Give them a call and find out what they can do for you! (419) 631-4172
