2018-09-08 08:56:45 by MelissaH0243

The Haunted Bissman Ghost Walks have been known to be referred to as "World Class" from those who have attended them!

You'll be taken throughout the entire 131 year old building in pitch black! All you have to guide you is your own flashlight!

All areas of this building will be explored as seen on SyFy's Ghost Hunters and A&E's My Ghost Story!

Learn the chilling tales of murder and explore the floors where paranormal claims such as being touched and shadow figures have been seen!

A moment will be taken to try to communicate with the other side where employee F.W. Simon lost his life in 1911!

Saturday, September 8th

Doors open at 8:30pm

Walk starts at 9:00pm

The cost is only \$10 per person. No Reservations Required! Does not sell out!
